## General Comment

I am a     year old male that currently uses covered calls to earn additional returns in my 401(k) retirement account. I have found it to be a very safe and effective way to enhance my returns. Not only have I never lost money as a result of using this investment tool I have also found it to provide downside protection at times of volatility in the market. I understand this proposed legislation will eliminate such a tool from my investment options. Therefore, I OPPOSE THIS LEGISLATION.
